Mr. Michael Morisy
Muck Rock News
DEPT MR 2317
PO Box 55819
Boston, Ma 02205

Mr. Morisy:

Thank you for your interest in our developing Unmanned Aerial Surveillance (UAS) program. The planned use for our UAS is primarily as an information gathering tool on high risk incidents, (SWAT, EOD, etc.). Just as our ground based robots are used to reduce the level of risk to our personnel, the UAS will provide an aerial platform for similar duties.

The Orange County Sheriff's Office is currently crafting its guidelines and policies, to include the legal process that will be followed before operating the UAS.

Unfortunately, I will not be able to release detailed information on the technical aspects of this program. Some information is being held as exempt due to their technical aspects. I am providing you with invoices from the purchase of our UAS and a media CD.

Thank you

Corporal Jason Robbins
